Specs:
VO: Male, 30's-late 40's, he's a little off the beaten path, he's got something intriguing and endearing about him. He possesses a unique flair that mixes whimsy with confidence. DOES NOT SOUND LIKE A TYPICAL PROFESSIONAL VOICE TALENT. He's a rare find in a sea of sameness, vibrating at his own frequency on planet interesting. Perhaps he can provide a range of voices. These spots are animated, fun and lighthearted. Please read these as creatively as you can (non-anncr sounding).
