American accent (but probably formal). The daughter to vampire parents of royalty. Self-sufficient and a loner, naturally defensive but not shy. She can deftly navigate around difficult topics and steer a conversation back around into something you thought you wanted to talk about. She possesses a quick temper and strong passion, thus she doesn't let people get too close lest they fall victim to them. She can develop genuine feelings for the Player, but only so much as he proves worthwhile. Has a goofy edge to her, with a touch of self-deprecating humor and awareness. She's smart, but a little naive in the ways of the world because of being sheltered by her mother for so long. She is headstrong and curious about what the world has become.

### SERANA

(SHE'S JUST MET THE PLAYER, WHO ADMITS THAT HE DOESN'T KNOW WHAT TO DO NEXT)

**Figures I'd be woken by a couple of know-nothings. So, where are we off to now? Your lack of planning just fills me with confidence.**

### SERANA

(SPEAKING ABOUT HER PARENTS, REJECTING THE PLAYER'S ATTEMPTS AT SYMPATHY)

**No, I don't think you do know what it's like. My mother may have been a vampire who dabbled in necromancy, but my father was just plain bad.**

### SERANA

**I had to listen to the two of them arguing for decades. Do you have any idea what it's like when the undead argue with each other? There's no rush! They have all the time in the world just to push each other in the smallest, pettiest ways.**

### SERANA

(A SOFTER MOMENT, RELAXING WITH THE PLAYER)

**You don't have to worry about me, you know. I'm not as delicate as you seem to think I am. I can watch out for myself and don't need you constantly asking if I'm all right.**

### SERANA

**I'm sorry. I'm just not used to having someone ... worry about me. I'm not sure why you're still here, but I'm glad you are.**

**CONFIDENTIAL**
